INTRODUCTION

Summary Tape File 1

The following material has been reprinted from the Census Bureau's STF1 Tape File Documentation.

Summary Tape File 1 (STF1) contains 100-percent data.

CITATION

Census of Population and Housing, 1990: Summary Tape File 1 / prepared by the Bureau of the Census. --Washington: The Bureau [producer and distributor], 1991.

DEFINITIONS OF POPULATION CHARACTERISTICS

AGE

The data on age was asked of all persons, in completed years as of April 1, 1990. When the age response was unacceptable or unavailable, a person's age was derived from an acceptable year of birth response in question 5b.

GROUP QUARTERS

All persons not living in households are classified by the Census Bureau as living in group quarters. Two general categories of persons in group quarters are recognized (1) institutionalized persons and (2) other persons in group quarters (also referred to as "noninstitutional group quarters".

Institutionalized persons - Includes persons under formally authorized, supervised care or custody in institutions at the time of enumeration. ~~Such persons~~ are classified as "patients or inmates" of an institution regardless of the availability of nursing or medical care, the length of stay, or the number of persons in the institution. Generally, institutionalized persons are restricted to the institutional buildings and grounds (or must have passes or escorts to leave) and thus have limited interaction with the surrounding community. Also, they are generally under the care of trained staff who have responsibility for their safekeeping and supervision. Type of institutions include: correctional institutions; prisons, federal detention centers, military stockades, jails, local jails & other confinement facilities, police lockups, halfway houses,, nursing homes, mental hospitals, hospitals for chronically ill, schools hospitals or wards for the mentally retarded or physically handicapped, hospitals and wards for drug/alcohol abuse, wards in general and military hospitals for patients who have no usual home elsewhere, juvenile institutions; homes for abused dependent and neglected children, residential treatment centers, training schools for juvenile delinquents(public & private), detention centers.

Other persons in group quarters - Persons who live in the following living quarters, when there are 10 or more unrelated persons living in the unit; otherwise, these living quarters are classified as housing units. Rooming houses, group homes; homes for the mentally ill, homes for the mentally retarded, homes for the physically handicapped, homes or halfway houses for drug/alcohol abuse, maternity homes for unwed mothers,, religious group quarters, college quarters off campus. Persons residing in certain other types of living arrangements are classified as living in "noninstitutional group quarters" regardless of the number of people sharing the unit. These include persons residing in the following types of group quarters: college dormitories, military quarters, agriculture workers' dormitories, emergency shelters of homeless persons(with sleeping facilities) and visible in street locations, shelters for runaway neglected and homeless children, shelters for abused women, dormitories for nurses and interns in general and military hospitals, crews of maritime vessels, staff residents of institutions, living quarters of victims for natural disasters, and other nonhousehold living shelters which include persons enumerated with no usual home elsewhere during transient or "T-Night" enumeration at YMCA's, YWCA's, youth hostels, commercial and government-run campgrounds, campgrounds at racetracks, fairs and carnivals, and similar transient sites.

HISPANIC ORIGIN

Persons of Hispanic origin are those who classified themselves in one of the specific Hispanic origin categories listed on the questionnaire--"Mexican," "Puerto Rican," or "Cuban"--as well as those who indicated that they were of "other Spanish/Hispanic" origin. Persons of "Other Spanish/Hispanic" origin are those whose origins are from Spain, the Spanish-speaking countries of Central or South America, or the Dominican Republic, or they are persons of Hispanic origin identifying themselves generally as Spanish, Spanish-American, Hispanic, Hispano, Latino, and so on. Write-in responses to the "other Spanish/Hispanic" category were coded only for sample data.

Origin can be viewed as the ancestry, nationality group, lineage, or country of birth of the person or the person's parents or ancestors before their arrival in the United States. Persons of Hispanic origin may be of any race.

During direct interviews conducted by enumerators, if a person could not provide a single origin response, he or she was asked to select, based on self-identification, the group which best described his or her origin or descent. If a person could not provide a single group, the origin of the person's mother was used. If a single group could not be provided for the person's mother, the first origin reported by the person was used.

If any household member failed to respond to the Spanish/Hispanic origin question, a response was assigned by the computer according to the reported entries of other household members by using specific rules of precedence of household relationship. In the processing of sample questionnaires, responses to other questions on the questionnaire, such as ancestry and place of birth, were used to assign an origin before any reference was made to the origin reported by other household members. If an origin was not entered for any household member, an origin was assigned from another household according to the race of the householder.

HOUSEHOLD

A household includes all the persons who occupy a housing unit. In 100-percent tabulations, the count of households or householders always equals the count of occupied housing units. In sample tabulations, the numbers may differ as a result of the weighing process.

RACE

The concept of race as used by the Census Bureau reflects self-identification; it does not denote any clear-cut scientific definition of biological stock. The data for race represent self-classification by people according to the race with which they most closely identify. Furthermore, it is recognized that the categories of the race item include both racial and national origin or socio-cultural groups.

During direct interviews conducted by enumerators, if a person could not provide a single response to the race question, he or she was asked to select, based on self-identification, the group which best described his or her racial identity. If a person could not provide a single race response, the race of the mother was used. If a single race response could not be provided for the person's mother, the first race reported by the person was used. In all cases where occupied housing units, households, or families are classified by race, the race of the householder was used.

The racial classification used by the Census Bureau generally adheres to the guidelines in Federal Statistical Directive No. 15, issued by the Office of Management and Budget, which provides standards on ethnic and racial categories for statistical reporting to be used by all Federal agencies. The racial categories used in the 1990 census data products are provided below.

White--Includes persons who indicated their race as "White" or reported entries such as Canadian, German, Italian, Lebanese, Near Easterner, Arab, or Polish.

Black--Includes persons who indicated their race as "Black or Negro" or reported entries such as African American, Afro-American, Black Puerto Rican, Jamaican, Nigerian, West Indian, or Haitian.

If the race entry for a member of a household was missing on the questionnaire, race was assigned based upon the reported entries of race by other household members using specific rules of precedence of household relationship. For example, if race was missing for the daughter of the householder, then the race of her mother (as female householder or female spouse) would be assigned. If there was no female householder or spouse in the household, the daughter would be assigned her father's (male householder) race. If race was not reported for anyone in the household, the race of a householder in a previously processed household was assigned.

In the 1990 census, respondents sometimes did not fill in a circle or filled the "Other race" circle and wrote in a response, such as Arab, Polish, or African American in the shared write-in box for "Other race" and "Other API" responses. During the automated coding process, these responses were edited and assigned to the appropriate racial designation. Also, some Hispanic origin persons did not fill in a circle, but provided entries such as Mexican or Puerto Rican. These persons were classified in the "Other race" category during the coding and editing process. Since sample processing included additional editing, there may be some minor differences between sample data and 100-percent data.

Other race - "other race" category and write-in entries such as multiracial, multiethnic, mixed interracial, Wesort, or Spanish/Hispanic origin group are included here. Write-in entries were reviewed, edited, and coded by subject matter specialists.

DEFINITION OF HOUSING CHARACTERISTICS

HOUSING UNITS

Housing Units--A housing unit is a house, an apartment, a mobile home or trailer, a group of rooms or a single room occupied as separate living quarters or, if vacant, intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live and eat separately from any other persons in the building and which have direct access from outside the building or through a common hall.

The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated persons who share living arrangements. For vacant units, the criteria of separateness and direct access are applied to the intended occupants whenever possible. If that information cannot be obtained, the criteria are applied to the previous occupants.

Both occupied and vacant housing units are included in the housing unit inventory, except that recreational vehicles, boats, caves, tents, railroad cars, and the like are included only if they are occupied as someone's usual place of residence. Vacant mobile homes are included provided they are intended for occupancy on the site where they stand. Vacant mobile homes on dealers' sales lots, at the factory, or in storage yards are excluded from the housing inventory.

MEALS INCLUDED IN RENT

The data on meals included in the rent was asked of all occupied housing units that were rented for cash and all vacant housing units that were for rent at the time of enumeration. This is a new item in 1990. It is intended to measure "congregate" housing which is generally considered to be housing units where the rent includes meals and other services, such as transportation to shopping and recreation.

OCCUPIED HOUSING UNIT

A housing unit is classified as occupied if it is the usual place of residence of the person or group of persons living in it at the time of enumeration, or if the occupants are only temporarily absent; that is, away on vacation. If all the persons staying in the unit at the time of the census have their usual place of residence elsewhere, the unit is classified as vacant.

TENURE

Owner Occupied - A housing unit is owner occupied if the owner or co-owner lives in the unit even if it is mortgaged or not fully paid for.

Renter Occupied - All occupied housing units which are not owner occupied, whether they are rented for cash rent or occupied without payment of cash rent.

Copies of this report may be obtained by sending $25.00 (PA residents add 6% sales tax) to BonData, 245 West High Street, Hummelstown, PA, 17036 (makes checks payable to BonData). All of the information in this report is available in machine readable format. Both profile and table or any individual data item here in is available for any geographic level in the country.

BonData also provides customized data extracts, reports, graphics, maps, TIGER extracts/processing and surveys. Turn to BonData for all of your 1990 Census needs.
